IPython Notebook

IPython Notebook este un instrument extraordinar pentru cercetare colaborativa si pentru educatie!!

Cursuri asistate de IPython Notebook:

- How IPython Notebook and Github have changed the way I teach `http://goo.gl/ATa553`

- Introduction to Data Science `https://courses.cit.cornell.edu/info2950_2013fa/`

- Introduction to High Performance Scientific Computing
`http://dreynolds.math.smu.edu/Courses/Math3316_Fall13/_downloads/project1.pdf`

- Methods for Applied Statistics `http://www.stanford.edu/class/stats306b/`

- Programming Data Mining Applications
`http://facweb.cs.depaul.edu/mobasher/classes/csc478/assign.html`

- Data Science, `http://cs109.org/homework/homework.php`

- Advanced Statistical Computing `http://fonnesbeck.github.io/Bios366/lectures.html`

- Machine Learning and Adaptive Intelligence `http://goo.gl/B2jPN7`

- Easily Teach Scientific Python with Wakari `http://continuum.io/blog/teaching-with-wakari`
